CURRENCY BILL GOES TO HOUSE

Measure Is Intended to Bring About Changes In Present Banking System

REPORT IS VOLUMINOUS

And Lengthy Technical Discussion Accompanies It—Republicans and Progressives Also Submit Their Views.

[ASSOCIATED PRESS TELEGRAM]

Washington, Sept. 9.—The administration currency reform bill, as approved by the Democratic caucus, was reported to the house early today from the committee on banking and currency, by Chairman Glass. A voluminous report, including a lengthy technical discussion of the theory of the bill, accompanied the measure, setting forth the views of the Democrats on the committee.

Representative Hays of California presented a report from the Republicans criticizing the measure and proposing various amendments. The majority declared that the bill "is intended to bring about necessary changes in the present banking and currency system of the United States and to correct long standing evils that have had a slow and deep-rooted growth. It aims at the rectification of the essential defects of the present system, although it does not seek to make all the innovations that might from an ideal standpoint, be deemed desirable."

Reviewing the arguments against the so-called Aldrich plan outlined by the national monetary commission and against all central banks plans suggested, the report said:

"After looking over the whole ground and after examining the various suggestions for legislation, the committee on banking and currency is firmly of the opinion that any effective legislation on banking must include the following fundamental elements, which it considers indispensible in any measure likely to prove satisfactory to the country:

"Creation of a joint mechanicism for the extension of credit to banks which possess sound assets and which desire to liquidate them for the purpose of meeting legitimate commercial, agricultural and industrial demands on the part of their clientele.

"Ultimate retirement of the present bond-secured currency, with suitable provision for the fulfillment of government obligations to bondholders, coupled with the creation of a satisfactory flexible currency to take its place.

"Provisions for better extension of American banking facilities in foreign countries to the end that our trade abroad may be enlarged and that American business men in foreign countries may obtain the accommodations they require in the conduct of their operations.

"Beyond these cardinal and simple propositions the committee has not deemed it wise at this time to make any recommendations, save that in a few particulars, it has suggested the amendment of existing provisions in the national bank act, with a view to strengthening that measure at points where experience has shown the necessity of alteration."

TAX VALUATION OHIO ELECTRIC SHOWS INCREASE

[Special to the Advocate]

Columbus, O., Sept. 9.—The state tax commission has fixed the new tax valuation on the Ohio Electric railroad company at $13,567,440. The present valuation is $13,316,550. The increase is small compared with the new total aggregate. The increase on all the Ohio Electric lines is $6,938,555.

An increase of practically $7,000,000 was made in the assessments of interurban, street railway and light and power utilities in Ohio by the state tax commission which today completed the valuations of this class of property for taxation this year. This action was taken over the protests of the corporations in nearly every instance and in spite of appeals in many cases for reductions from the year previous on account of losses sustained during the great March floods.

The grand total of this class of property in Ohio for 1913 is placed at $143,075,690, as against $136,137,135. To be exact, the increase that has been laid by the tax commission amounts to $6,938,555.

BILL WOULD COMPEL THE CONSTRUCTION OF ALL STEEL CARS

[ASSOCIATED PRESS TELEGRAM]

Washington, Sept. 9.—Consideration will be given early next winter to the proposed legislation prohibiting railroads after January 1, 1918, from using express, baggage or passenger cars not made of steel. A bill covering such a prohibition already has been introduced by Senator O'Gorman.

After January 1, 1914, the Senator's bill provides it shall be unlawful for a railroad to place such cars not constructed of steel between cars constructed of steel, and bringing into use after that date any car not constructed of steel.

DOUBLE FUNERAL FOR VICTIMS OF SALEM TRAGEDY

[ASSOCIATED PRESS TELEGRAM]

Salem, O., Sept. 9.—Practically all of Salem turned out today to attend the funerals of Ida Mae Lee and Oscar Gray, the high school students who figured in the murder and suicide which shocked this community yesterday.

The burial of the girl was set for 10 o'clock. The Gray funeral was to follow at 2 o'clock.

The parents of the young couple are completely prostrated.

Coroner W. A. Beane, of Lisbon, after a thorough investigation, today reported that the body of the girl shows absolutely that she was not in any way attacked before the shooting. His theory is that Gray was jealous of attentions shown her by other young men. He wanted to marry her but had been prevented, it is said, by her mother, Mrs. Chas. Lee.

FINAL VOTE ON TARIFF BILL AT 4 O'CLOCK TODAY

[ASSOCIATED PRESS TELEGRAM]

Washington, Sept. 9.—The final vote on the tariff bill will be taken in the senate at 4 o'clock this afternoon, in accordance with an agreement reached before the senate adjourned shortly before 2 o'clock this morning, after a sixteen hours' session, in which many important features, including free wool and free sugar, were disposed of.

Senators who had remained in the chamber until adjournment returned sleepy-eyed at 9 o'clock for the final deliberations, the income tax, the cotton schedule and several other amendments remaining to be discussed. Senator LaFollette planned to discuss the cotton schedule and to offer amendments: Senator Bristow and Senator McCumber were ready for the final arguments against free cattle, free wheat and rates on other agricultural products, and Senator Norris planned to urge valorization of coffe amendments.

An exodus of senators was confidentially expected after the final vote, many indicating last night that they would leave for their homes, or vacation resting places, as soon as possible.

The tariff bill has been in the senate exactly four months and two days, having been sent over from the house May 8, last.

During the lull in the senate, little business will be transacted as a quorum is not expected until demands are made for consideration of the currency measure. This, in all probabilities will not come from committee in many weeks. In the meantime the senate probably will meet and adjourn every three days.

The principal changes made in the bill by the senate concern the free list and income tax. House leaders believe the senate changes will reduce the revenue the duties were estimated to produce and they hope, in conference to get senate leaders to agree to restore some of the house provisions.

The senate reduced the minimum to which the income tax will apply from $4,000 to $3,000 and increased the rates on the larger incomes over the house provisions. Countervailing duties on some manufactured commodities were imposed by the senate to meet the free listing of raw materials. The countervailing duty on wood pulp was eliminated. The free wool and free sugar provisions, around which the spectacular features of the tariff fight ranged were unchanged by the senate. The income tax is expected to make up the loss of revenue on sugar. The bill has been in congress more than five months and it probably will be nearly six months old before President Wilson signs it. House and senate leaders believe it would be two weeks or more before the disputed points are agreed upon and accepted by both houses.

TWO KILLED IN AN AUTO WRECK

[ASSOCIATED PRESS TELEGRAM]

Harrisburg, Pa., Sept. 9.—Mrs. J. H. Forney and Mrs. D. M. Beck of this city were killed and D. M. Beck and two members of his family were seriously injured today when their automobile was struck by a Reading railroad express train. The accident occurred at Ross Moyne, six miles from here.

JEROME IS FREED BY COURT

The Canadian Magistrate Apologizes for Indignity Offered Attorney

SITUATION NOW CLEARED

Thaw's Hearing Will Occur Before the King's Bench at Montreal Monday—May Last for Months.

[ASSOCIATED PRESS TELEGRAM]
[ASSOCIATED PRESS TELEGRAM]

Coaticook, Que., Sept. 9.—William Traverse Jerome, acquitted last night on the charge of gambling, was the chief topic of discussion today among the 3,000 odd residents of Coaticook, though opinion was divided as to the verdict. The scathing remarks of Magistrate Mulvena, who apologized to Jerome for the indignity offered him and declared the charge had been justified by neither law nor fact, had a sobering effect, and even those who had been most bitterly opposed to Jerome in his efforts to get Harry K. Thaw back to Matteawan were inclined to admit that the court action had cleared the air and straightened out a situation which might have grown embarrassing.

Accompanied by Deputy Attorney General Franklin Kennedy, Jerome was on his way to Albany, New York, by motor today. He will return to Montreal by rail on Sunday next preparatory to Thaw's production Monday before the King's bench on a writ of habeas corpus. The arguments there may mark the beginning of a legal battle of many weeks and even months duration.

Coaticook, Que., Sept. 9.—William Travers Jerome was acquitted last night of the charge of having gambled on Thursday last on the station property of the Grand Trunk railroad here while waiting for the immigration authorities to pass on the case of Harry K. Thaw. In discharging him, the court apologized for the humiliation to which he had been subjected.

The hearing before Magistrate Henry Mulvena of Sherbrooke lasted less than an hour. It began at 7:35 and at 8:20 the court said: "Sir, you are honorably discharged."

An attempt to hold an afternoon session failed because the magistrate felt he had no authority to take precedence over James McKee, the justice of the peace who signed the warrant for Mr. Jerome's arrest.

Last night, however, the magistrate said he was convinced of his authority to act and the hearing moved with dispatch.

Joseph Beaulne, a Coaticook lawyer, who said he variously represented justice, the people and the criminal code, interrupted the afternoon session, but when he endeavored to renew similar tactics last night he was ruled out of court.

When acquitted, Jerome thanked the court, spoke flatteringly of his reception in Canada and added that he did not attribute his arrest and brief imprisonment last week to the thinking people of the Dominion. He took a late train from Coaticook last night in order to be in New York Tuesday and will return to Montreal for the arguments on the latest Thaw habeas corpus writ to be held before the king's bench, Montreal, Sept. 15.

Townspeople packed the courtroom when the hearing was opened last night. Every bench was taken, every inch of standing room was occupied and the bold among the auditors advanced in a ragged semi-circle about the counsel table and perched at the sides of the dais upon which the magistrate sat. Jerome looked straight at

STEPMOTHER IS ACCUSED OF CRUELTY

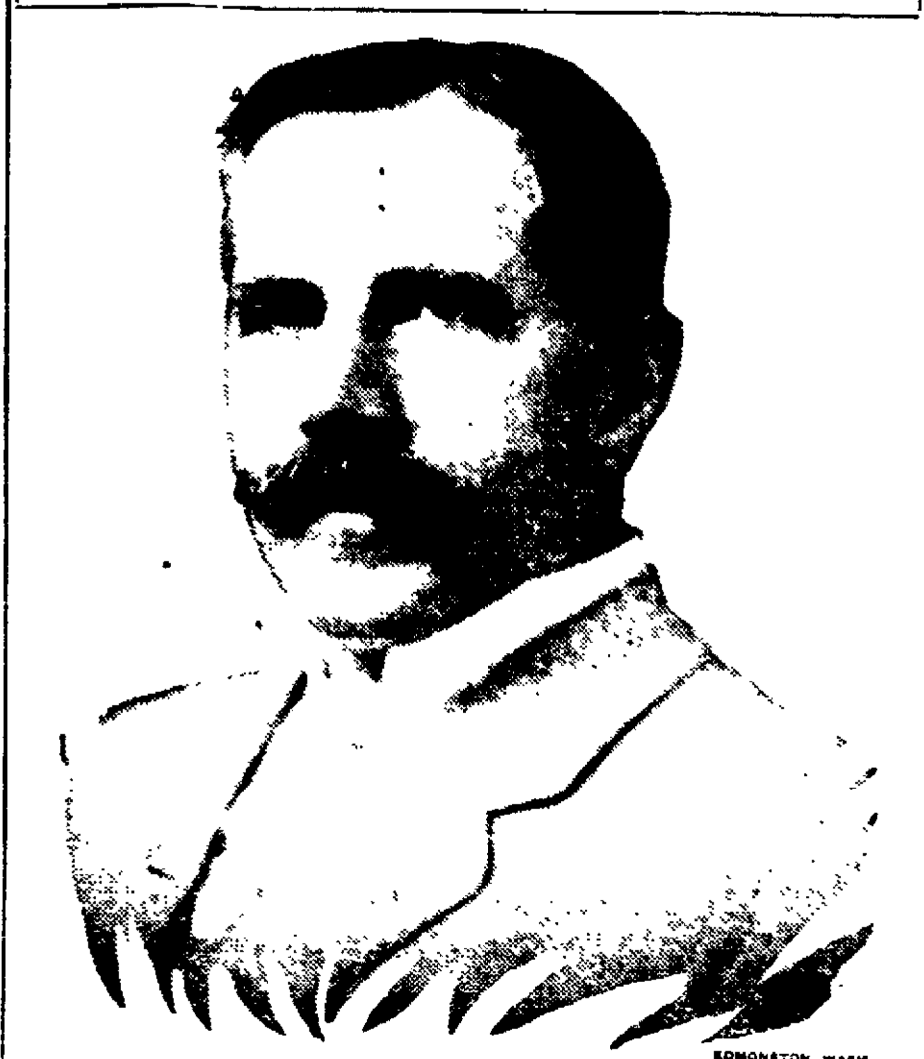
[ASSOCIATED PRESS TELEGRAM]

Coshocton, O., Sept. 9.—With the entire left side of his face bruised and discolored, the flesh on his body cut and bleeding from the chafing of a rope with which he had been tied and his body wasting away from lack of food, water and fresh air, Albert Potter, 8 years old, told probation officials here last night a story of extreme cruelty at the hands of his stepmother.

The lad said he had been locked in a little upstairs room, restrained by a half-inch rope, one end tied around his waist and the other to a bed post, for the last ten days, going for days without food or water. He was rescued by local authorities after neighbors complained of hearing shrieks of terror issuing from the Potter home.

The boy's stepmother, who has been married four times, is under arrest here. Officials, armed with warrants, are searching for the father.

Charles F. Marvin, Chief U. S. Weather Bureau.



EDMONSTON WASH

Political partisans of Willis L. Moore, the removed Chief of the U. S. Weather Bureau, are watching closely the administration of his successor, Charles F. Marvin of Ohio. Mr. Marvin was the final choice of a careful canvass of the National Academy of Science and other similar institutions, a fact which few people know. Almost a life-long worker in scientific research, he purposes now to devote more attention to weather reports as they affect the farmers. A survivor of the old signal service of thirty years ago, he has been a writer on meteorological subjects, a meteorological delegate abroad, and chief of the instrument division of the Weather Bureau. He was one of the first to utilize kites in ascertaining weather conditions far up in the air. He has specialized on moisture in the air, wind velocity and pressure. A quiet reserved man, stockily built, with just a tinge of gray in his hair, he is well liked by scientists and employes and has done much to tranquilize the working machinery of the bureau following its upheaval in which Prof. Moore and about forty other officials and employes were demoted.

Pennsy Flier Ditched Today Near Richmond And Number Injured

[ASSOCIATED PRESS TELEGRAM]

New Madison, O., Sept. 9.—The New York-St. Louis flier on the Pennsylvania railroad was derailed five miles west of here at 9:40 this morning, injuring thirty-five of the seventy-three passengers and fatally injuring three of the crew. Six coaches went into a cornfield on one side of the track, the engine and tender striking a bridge abutment on the other side of the track and turning one span of the bridge into the air.

The rear coach remained on the rails and the next coach though off the track did not overturn. None of the passengers was seriously injured but two firemen were so badly crushed and scalded it is believed they will die and a chef in the diner was seriously scalded. The engineer suffered a severe scalp wound.

The wreck occurred on a sharp curve where the track was weak. The train was travelling at high speed.

The injured were taken to Richmond, Ind., on a relief train sent to the scene of the wreck from that place.

TRAIN GOING AT HIGH RATE OF SPEED.

[ASSOCIATED PRESS TELEGRAM]

Columbus, O., Sept. 9.—From meagre reports received by Superintendent McCarty, Pennsylvania train No. 31, flier New York to St. Louis, was ditched at New Madison, near Richmond shortly before 10 o'clock. Every car of the solid steel train with the exception of the observation car, went into the ditch. From all accounts there will be no loss of life. The train was going at a high rate of speed. Doctors and nurses have been sent from Richmond and a wreck train from Columbus.

That fifteen persons were injured, none fatally was the substance of a statement given out at the office of Superintendent McCarty of the Pennsylvania lines west, this afternoon. According to reports to the company's office here Engineer Rogers and his fireman and a stoker-fireman are the most seriously injured. No names of the injured have been received here beyond those of trainmen but it was officially stated that all passengers had been rescued from the wreck.

The number of injured as given out by the road officials takes no account of those who are supposed to have received only trivial hurts.

TRAIN CONSISTED OF TEN STEEL CARS.

[ASSOCIATED PRESS TELEGRAM]

New York, Sept. 9.—The Pennsylvania flier, consisting of ten steel cars left here last night at 6:30 o'clock with berths all filled and was due at St. Louis at 6:30 tonight. The train usually consists of nine cars but another was added owing to the heavy traffic. Her dining car was taken off at Harrisburg, Pa., and replaced by a sleeping car from Washington.

COX INTERVIEWS CETONE WHO IS AFTER PARDON

[ASSOCIATED PRESS TELEGRAM]

Columbus, Sept. 9.—The condition of former State Senator George K. Cetone of Dayton is as alarming as reports emanating from the penitentiary would imply. This was the general opinion today of a party headed by Governor Cox that visited the former senator in the hospital of the prison. The visit was planned by the governor to settle once for all the genuineness of the reports about Cetone's condition.

During the governor's visit and afterward, three physicians, J. A. Clemmer, Yeatman Wardlow and H. W. Whitaker, made a thorough examination of the prisoner. Upon the report, expected by the governor before night, will depend the chances of Cetone's release by parole from the penitentiary. In order that the prosecution in the Cetone case might have no complaint to make, the governor insisted that Attorney General Hogan and Prosecutor Turner be present at the examination.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Sept. 9.—Governor Cox, Attorney General Hogan and Prosecutor Turner of Franklin county, today went to the penitentiary for an interview with George K. Cetone, former Montgomery county senator who is serving three years for complicity in the recent "bribery disclosures."

The governor and the other two men, who had much to do with bringing about the conviction of Cetone, wanted to get first hand information as to the actual physical condition of the former senator, who is said to be in failing health.

The visit followed numerous requests on behalf of Mr. Cetone by his friends, who are anxious that he either be paroled or pardoned, so that he can seek another climate in the hope of restoring his health.

It was reported that the physicians found Cetone to be suffering with a bad case of rheumatism, but nothing else of a serious nature. An abnormal blood pressure, as reported by other physicians, is said not to have been found serious by the official committee of doctors.

The physicians were selected by Messrs. Hogan and Turner at the suggestion of the governor, who said that he did not want the suspicion to get out that Cetone's political pull might be aiding towards his hope for release.

SUBWAY PROPOSITION IS NOW UP TO VOTERS; LEGISLATION IS PASSED

Applause By South Siders In Council Chamber Greeted Council's Action Monday Night When Bond Issue Resolution Was Adopted

BOND ISSUE WILL COME UP ON NOVEMBER 4

City Officials, by Careful Attention to Details, Reduce First Estimate of Cost Nearly $300,000, a Saving to City of More Than $100,000—City About to Take a Great Progressive Step.

A hearty round of applause from a half hundred or omre residents of the South Side greeted the action of the city council Monday night when the resolution to issue bonds for the payment of the city's share of the subway improvement, was passed unanimously.

These residents have worked diligently and waited patiently for this improvement and they realized, with the passage of the bond issue resolution, that their hopes were about to take material form and it was impossible for them to control their enthusiasm.

An impromptu reception followed the brief meeting when thankful South Siders gripped the hand of each councilman and expressed thanks and congratulations for the favorable action of the body on subway maters.

It was a memorable occasion. The determination to proceed with this improvement is a distinct progressive action and with the completion of this improvement, it is impossible to say just where the city's progress will stop.

There is every indication that the South End, that portion of the city which has stood still for a quarter of a century will now take its place as one of the most progressive parts of the city. With the completion of the improvement, broad minded and far seeing residents believe that the South Side will develope with other portions of the city, that desirable home sites will spring up, that it will become like other portions of the city which are not isolated from the rest of the world.

At Monday night's meeting every member of the council was present. In addition to the regular attendance some fifty or a hundred interested South Side residents were in the seats provided for visitors.

President Rossel announced that the meeting was an adjourned session, held for the specific purpose of considering legislation for the proposed subway. He instructed the clerk to read whatever business he had before him, bearing on this subject.

Clerk Franklin read a report from the special committee on subways, consisting of Messrs Juch, Dayton, Prosecutor Jones, Prior, Keller and Stasel. This report recommended the approval of the subway plans as agreed upon by Messrs Maetzel & Simpson for the city and the engineers for the railroads. This report was received and filed.

A resolution introduced by Messrs Prior and Stasel approving the plans for the elimination of the grade crossings was read and adopted under suspended rules.

A resolution by Messrs Keller, Stasel and Prior provided for the bond issue of $240,000 to be submitted to a vote of the electors of Newark at the election on Nov. 4. The bonds are dated from Jan 1, 1914. The resolution provides for a notice of the election, to be given to the board of elections.

The resolution was declared to be an emergency measure and upon motion, the rules were suspended, the resolution was read the second and third time and then passed.

There was not a dissenting vote on any of the legislation and the announcement of the result was greeted with hearty applause by the South Side residents in the council chamber.

The whole proposition is now up to the people of Newark. The present city administration has worked earnestly and diligently to bring about the separation of the grade crossings. They have met and overcome many difficulties. The engin-

PARDONS PAROLED MEN.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Sept. 9.—Governor Cox today pardoned three men convicted several years ago for manslaughter and who served time in the penitentiary and were under parole. They were: Joe Peppano, manslaughter, sentenced in the Franklin county common pleas court in November, 1907, for ten years. Peppano was paroled September, 1909.

Peter Garrity, manslaughter, sent up from Hamilton county in October, 1907, for 15 years. He was paroled February, 1911.

Elmer D. Jones, sent up from Athens county in November, 1904, for manslaughter for 20 years. He was paroled January 1, 1906.

OHIO CAN PRINT SCHOOL BOOKS SAYS MR. HARPER

[ASSOCIATED PRESS TELEGRAM]

Columbus, Sept. 9.—State Printer Frank Harper will recommend to Governor Cox that an immediate inquiry be made into the feasibility of Ohio's printing its own school books. Mr. Harper finds that the state of Kansas, where he has just returned from, proposes to save $200,000 a year by printing its grade books alone. He believes Ohio could save much more.

The trip of the Ohio printer to Kansas was primarily to study the Kansas state printery for tips on Ohio's prospective state printing establishment and was made at the suggestion of Governor Cox.

Mr Harper says that the Kansas plant has been saving that state an average of $27,000 a year for the last seven years. Now Kansas is increasing the capacity of its printing in order to print school books. It will begin by printing books for the grades. The $200,000 annually is expected to be saved to the people who buy school books by giving them the bookmen's profits. The Kansas printery does all official public printing, including legislative bills and documents. In Ohio these alone mean a huge sum to the state every year.

Theatres

"The Thirst for Gold."

At the Auditorium today the new Eclair subject, in two reels of thrills, "The Thirst for Gold," will be presented. The story treats of the associated lives of Frederick, an army surgeon, an convict [illegible] the Suffolk prison. Frederick is poor and will not exert himself in his calling except for gold. The convict feigns death and comes to [illegible] just at the time Frederick is [illegible] plunge his knife into the supposed dead body. The convict of course wishes to escape and to get Frederick's aid he reveals the hiding place of a box of gold that he has stolen. Frederick cuts the rope that the convict used to escape and supposes that he is drowned in the raging [illegible]. Frederick goes to the [illegible] where the gold is hidden and [illegible] the convict that he supposed dead. The convict attacks Frederick with an ax, which he dodges, and it strikes a box of dynamite that has been placed to safeguard the gold; it explodes and both are blown to atoms. This thrilling [illegible] and three other reels will [illegible] a program that will prove most interesting.

"Officer 666."

"Officer 666," which [illegible] all last season at the Gaiety theatre in New York city, will be seen at the Auditorium Friday, Sept. 12. This play is full of risible tricks and melodramatic moments that send a wave of shivery thrills chasing each other up and down one's spine only to end in an uncontrollable burst of laughter at the funny antics of this particular policeman who, in an unguarded moment is induced to part with his uniform for a brief period, while the borrower of it is endeavoring to rescue a lady fair from the web of complications that have been woven around her by the machinations of an internationally famous picture thief. "Officer 666" is easily the best farce of the year. It has all the elements that go to make a successful play, least of which is a charming love interest wherein Cupid matches his wits against the stern arm of the law and wins a complete victory. Sale of seats opens Wednesday morning.

Scene From "Officer 666," at Auditorium Friday Evening.

MISS DRISCOLL WILL LECTURE ON LIFE IN SUDAN

Some weeks ago the life of certain black people in the jungles of the Sudan, Africa, was vividly described, to the extent opportunity allowed, by Miss Kate Driscoll, missionary of the Christian and Missionary Alliance, at Plymouth church.

Miss Driscoll's address was filled with such thrilling interest that at the request of the Woman's Missionary Association of that church, Miss Driscoll will speak at Plymouth church Wednesday evening, September 10 at 7:30 o'clock. Her address will be a continuation of the description of life in the Sudan. All are cordially invited to be present. A free-will offering will be taken for Miss Driscoll's work in appreciation of her second visit. Miss Driscoll will sail for Africa the [illegible] of this month.

THE NEW FALL GARMENTS

ARE HERE IN ALL THEIR BEAUTY

Once again the fall season has rolled around and most women are thinking of purchasing their new fall wardrobe. Before doing this the farsighted purchaser "looks around," compares the values and styles offered at each store, then decides. That is the only logical way to buy a new garment for one feels satisfied, knowing that she has seen all of the best styles, the garment she has purchased is not likely to become disliked, but will prove a source of pleasure throughout the wearing season. We are so confident that our showing this season excels anything else shown in the city and that our prices are far below what is usually asked, that we urge you to look everywhere, then come here and inspect the showing that has standardized the garment business of Newark. Stocks are at their best now. An early selection means, longer wearing time and more styles to choose from.

SEE THE CHARMING SUITS

Charming in every sense of the word best describes these handsome new suits. Pretty plain tailored models or the Russian and Balkan effect made up from such popular materials as Eponge, Matlasse, Poplin, Belgian Worsteds, Mannish Serges, Bedford Cord, etc. The colorings are pleasing to the eye and the cut of the skirts will win your admiration at once. See this beautiful assortment while styles and sizes are complete. Priced to meet every demand.

$12.50 to $30.00.

BEAUTIFUL EFFECTS IN COATS

Really there are so many beautiful styles in coats that description of each one's charm is utterly impossible. Suffice to say that every model that has proved its worth in the Fashion World can be found here. The most popular ones are those tailored from the fancy pile fabrics, next come the diagonal and cut chinchillas, fancy mixtures, and the several new novelty cloths. The nobbier styles are but 45 and 47 inches in length. An exceptionally wide range of prices,

$7.50 to $50.00.

MAN TAILORED DRESSES

Never before has our dress stock been so complete. Handsome are the the creations that have been arriving daily. Extreme you might say, but nevertheless correct in style from every standpoint. Many copied styles of Paris models are here. It will pay you to see them.

$5.00 to $25.00.

The New Skirts

Once again they have jumped into popular favor and no wonder for the styles are bewitchingly attractive. Nearly all show the new draped effect and many have the modified slit. Materials used are Eponge, Matlasse, Bedford Cord, Honeycomb Check, Serge, Poplins, etc. Our showing is most complete. Prices decidedly low.

$1.98 to $12.50.

Silk Petticoats

The popularity of separate skirts has again brought silk petticoats to the front. We have them in every sought after shade. Priced at

$1.69 to $7.50.

Children's Dresses

A showing that is complete in every detail with sizes to fit every age from the tiny infant to the little miss of 14 years. A wide range of materials are here to select from in either the wash or worsted fabrics. Fit out the girls here, they'll like the styles.

50c to $6.75.

$1.50 Dresses 79c.

We have an entire table full of children's dresses ranging in size from 6 to 14 years. Included are both the wash and woolen fabrics. These dresses formerly sold from $1.25 to $1.75, your unrestricted choice now at each **79c**

California Pioneers Were Devoted to Boxing Game

California will today pay its annual tribute of respect to the '49'ers, those brave and hardy pioneers who put the Golden state on the map of the union. It is worth while recording that those Argonauts were enthusiastic boxing fans, and from the very first California was a mecca for the pugilists. It was largely the better class of pioneers, too, who supported the sport. The tin-horn gamblers and other disreputable parties usually settled their arguments with a pistol or a dagger, but the real pioneer whom the native sons delight to honor was a sturdy, two-fisted gent who took naturally to the fair, stand-up encounter with the fists as a means of deciding a difference of opinion. In those early days on the coast real prize fights were pulled off with bare knuckles and to a finish. The present style of boxing, which the reformers are now trying to prohibit in California, would seem mighty tame to a '49'er.

John Morrissey was one of the first of the great fighters to scrap in California and in his wake have come the most celebrated boxers of the last sixty years. Jeffries and Corbett both began fighting on the coast, and the latter was a native son. Bob Fitzsimmons fought his first American bouts in San Francisco. Jeff's great battles, including those with Fitz, Sharkey, Munroe, Ruhlin, Choynski and others, were fought on the coast. In fact, no other state, not even New York, has ever witnessed so many sensational boxing matches. Among the notable contests staged in the Golden state may be recalled the Corbett and Sharkey, Jackson and Corbett, Corbett and Choynski, Fitzsimmons and O'Brien, Fitzsimmons and Gardner, O'brien and Burns, Hart and Burns, Hart and Johnson, Johnson and McVey, Nelson and Britt, Gans and Britt, Gans and Nelson, Attell and Moran, Johnson and Ketchel, McFarland and Welsh, Ketchell and Papke, Nelson and Young Corbett, Langford and Barry, and many other historic contest between the stars of the pugilistic arena. Many of these battles have been fought on Admission day and since that holiday was established it has been a festival of the boxing fans.

"Life"—as the philosopher Geo. M. Cohan has observed—"is a very funny proposition after all." All good people know that a boxer is a low-browed abysmal brute, and yet when one of them is accidentally killed they set up a wail as if he had been their nearest and dearest relation. If that boxer had repented him of his evil ways and had gone to work in a coal mine and his life had been sacrificed to the cupidity of the stockholders—good people, all, nobody, I take it and I thing you will take it, would have given a continental whoop. Truly, we strain at a go-cart and swallow a motor-truck.

BUCYRUS BANKER DIES.

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair I tried many advertised hair preparations and various prescriptions, but they all signally failed, many of them made my hair greasy so it was impossible to comb it or do it up properly I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances, I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color but it is equally good for removing dandruff, giving the hair life and brilliancy, etc, and for the purpose of keeping the scalp in first class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows

Bay Rum, 6 oz. Menthol Crystals, ½ drachm Lavona de Composee, 2 oz. If you like it perfumed add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary. Apply night and morning, rub thoroughly in to the scalp. Advertisement.

USE "CASCARETS" IF CONSTIPATED

Salts, Calomel and Cathartic Pills are violent—they act on bowels as pepper acts in nostrils.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

Anniversary of the First Marathon Race

One of the gamest guys in the history of the world was Phidippides, the Greek sport who won the first Marathon race. Phidippides is dead, and his great feat is scarcely to be considered as news, since it was pulled off 2,403 years ago today, on Sept. 9, 490 B. C.

In those days the Greeks were the world's best athletes, and their Olympian games always attracted a lot of stellar talent. Every Hellenic youth was trained in a "gym," and physical torture joints were as numerous in Athens as places of liquid refreshment in a modern American city.

According to that well-known and versatile author, Mr. E. Brittanica, the occasion for Phidippide's great stunt was like this. The Persians had invaded Greece, intending to benevolently assimilate the country, and the Greeks naturally resented such a project. A little band of patriotic Greeks opposed the Persian hosts of Parius on the plain of Marathon. To use a vulgar but expressive phrase, the Greeks "licked the tar" out of the Persians. When the Greeks sought to send news of their victory to Athens, they found that the telegraph wires had been cut. All the automobiles and horses had been put out of commission, too, and there was nothing for it but for somebody to hoof it to Athens and carry the tidings to the newspapers, so that the anxiety prevailing in the city might be relieved.

Phidippides, an Athenian lad who had won several medals as a long-distance runner, volunteered for the job, and set a record that has never since been equalled. He covered the twenty-six miles and reached Athens with just breath enough to blurt out that the Persians had got it in the neck, and then fell dead in his track. Such was the origin of the Marathon race. Before the battle Phidippides had been sent as a messenger to Sparta to implore the assistance of that country, and covered the distance of 150 miles in forty-eight hours.

Although, as previously stated, Phidippides is now dead, he deserves to be remembered and honored by all who consider gameness a virtue.

HOW TO ABSORB AN UNLOVELY COMPLEXION

Phyllis Moore in Town Talk.

The face which is admired for its beauty must have a satin-smooth skin pink and white and youthful looking. The only thing I know of that can make such a complexion out of an aged, faded, or discolored one—I mean a natural, not a painted, complexion—is ordinary mercolized wax. This remarkable substance literally absorbs the unsightly cuticle, a little each day, the clear, healthy, girlish skin beneath gradually peeping out until within a week or so it is wholly in evidence. Of course such blemishes as freckles, moth patches, liver spots, blotches and pimples are discarded with the old skin. If you will procure an ounce of mercolized wax at the drug store, use like cold cream every night, washing this off mornings, you'll find it a veritable wonder-worker.

Another valuable natural treatment is a wash lotion to remove wrinkles which can be easily prepared. Dissolve 1 oz. powdered saxolite in ½ pt. witch hazel. Bathe the face in this and you'll find it "works like magic."

Two Heavy Batters in Training for World's Series in October

Catcher Meyers of the Giants, heaviest batter on the team, and Third Baseman Baker of the Athletics will be depended on by their managers in the world's series, to begin in October — there isn't any doubt that these clubs will be the contenders—to do the heavy batting. Baker, more than any one else, won the world's series from the Giants two years ago. He made two home runs at the critical moment, and they not only won games but frightened his opponents for the other games.

Meyers is a full-blooded Indian and a college graduate. Baker is from Maryland.

STRENGTHEN WEAK KIDNEYS.

Don't suffer longer with weak kidneys. You can get prompt relief by taking Electric Bitters, that wonderful remedy praised by women everywhere. Start with a bottle today, you will soon feel like a new woman with ambition to work, without fear of pain. Mr. John Dowling of San Francisco writes:—"Gratitude for the wonderful effect of Electric Bitters prompts me to write. It cured my wife when all else failed." Good for the liver as well. Nothing better for indigestion or biliousness. Price, 50c and $1.00 at F. D. Hall's.

First Things

The first missionary to work among the American negro slaves was Blessed Peter Cleaver, whose festival will be celebrated today, as on each ninth of September for over two centuries, by the African population of the West Indies. Claver was a Spanish Jesuit. Early in the seventeenth century he was ordained a priest and was sent to Cartagena, then the great slave mart of the West Indies. There he consecrated himself to the salvation of the miserable blacks and for more than forty years he labored in this work. He called himself the "slave of the slaves," and was their teacher, apostle, physician and friend. He fed them, taught them and nursed them when attacked by loathsome diseases. However weary he might be, when news came of the arrival of a slave-ship he was the first to greet them and to seek to comfort them after their long voyage in the holds of the terrible slave vessels. It is said that before his death in 1654 he had baptized over 40,000 negro slaves.

According to the Canadian forestry association 50 per cent of Canada is capable of growing nothing but timber crops.

ARE THESE FIVE ALL ACCIDENTS

A. M. Kendall, shoe dealer of Colorado City, Colo., seventy years of age, was in what appeared to be the final clutches of Bright's. The treatment was changed and in three months he wrote that he considered himself well.

He has a neighbor, a grocer, J. J. Abensham, sixty-eight years of age, who had Bright's Disease. "The best doctors he could get told him there was no help for him and advised him to settle up his accounts." Kendall told him about his own case and Abenshan too recovered. In giving us these facts Kendall closes: "There are three others here who have been cured since I was."

One of the above recoveries might have been an accident, but how about all five? These people are not in league with Fulton's Renal Compound and the curability of Bright's Disease is a fact if one-tenth of the letters we have received are true.

With failure admitted by the books under the old treatment in chronic Bright's Disease and with reports like the above from many patients on this treatment how can any one be undecided. If you have Bright's Disease you owe it to yourself and family to try Fulton's Renal Compound before giving up. You can get it at F. D Hall, druggist.

For pamphlet on our investigation into the curability of Bright's Disease write John J Fulton Co., San Francisco. (Advertisement.)

SELF-SUPPORTING DEPARTMENTS

The Examiners of Steam Engineers' and Boiler Inspection departments in Columbus are two governmental agencies that have been added to the rapidly growing list of self-supporting departments. The institutions have a revenue from examinations and inspections that are made and this is applied to payment of operating expenses. The commonwealth may be called upon to make good deficits. Last year the state contributed $11,000 for this purpose, the receipts from fees being that amount short of the expenses. In 10 months of the present year the fee receipts are $8,902.07 in excess of expenditures.

Figures announced by Charles Wirmel, head of the two departments, placed the receipts at $64,187.33 and the disbursements $55,285.26.

This record was made in fifteen months during which time both departments were established, systems of administration devised, assistants selected and their work planned so it could be carried on at a minimum expense.

The accomplishments in these two state departments carried out the orders of Governor Cox that all regulatory departments should, so far as practical, be made self-supporting. Last winter one hundred thousand dollars were lifted from the financial burdens of the state each year when the building and loan and banking departments were made self-supporting. Now the two departments under Wirmel not only prove self-sustaining, but actual revenue producers for the state. The important task of safeguarding the public from dangerous boilers does not cost the people one cent.

The farmer and real estate owner under the present antiquated system of assessing tax valuations are paying the bulk of the taxes. The farmer can not conceal an acre of his land, yet the money loaner and the capitalists are hiding most of their personal property by making dishonest returns. The elected assessors permit them to do so because they either haven't time to make a thorough search for the property or because they want the support of the property holder. The tax assessing system must be revised before the real estate owner can be relieved of this unjust burden. The Warnes state tax commission bill will provide a well organized force of skilled assessors directed by a competent body of men interested in getting equal valuations.

"The Warnes law will certainly reduce the rate of taxation in every county in the state, and the Kilpatrick law was made necessary to save the Smith one per cent law from destruction. Both laws are calculated to improve present conditions and if there is criticism on the part of any who are honestly actuated in it it is because the import of the measure is not fully understood."—Gov. James M. Cox.

As a result of an appeal to friends of public school, the volunteers for this survey included, one dean of a college of education, two normal college deans, eighteen professors in normal colleges and colleges of education—including five critic teachers—16 senior students of education, all but one of whom had experience in rural school work, and six men and women not now directly connected with education, including three members of the legislature—one a member of the survey board.

Uncle Walt's Philosophy

Hard Times.

The signs all indicate hard times are coming, straight; the corn is dead, the grass is red, the greens have met their fate. For weeks there was no rain, and on the baking plain the cattle stood and bawled for food, and often bawled in vain. The pumpkin vines decayed; the squash died in the shade; all Nature sighed, the weather fried the eggs the old hen laid. The farmer looked afar o'er fields that ruined are, and sighed, "Ods fish! Gee, how I wish I had no touring car!" The town man wailed, "Ah me! And also Hully Chee! Had I not bought that dizzy yacht, and cottage by the sea!" The matron cried, "Indeed, it makes my bosom bleed! Had I not blown the golden bone for things I do not need!" Hard times are at the door; the heart of man is sore; he mourns the plunk he blew for junk last week or week before. "Retrenchment" is the word that everywhere is heard; and as a call to spenders all, "Retrenchment" is a bird. Hard times will come and then will do much good to men; we'll bend our backs and to brass tacks we'll all get down again.

Walt Mason

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, Sept. 9.—[Special.]—Chairman Simmons believes that he will have the tariff bill off his hands for a short time before this week closes. He is a week behind in his calculations, but that is not much when all matters are considered. Just as he was getting along swimmingly there were a number of "home consumption" speeches made. Different senators had to explain their positions. They had to answer criticisms which have been made by their state papers. They had to show how they stood on different propositions. Then there were a great many record votes which were wanted for future political campaigns. Consequently there were delays.

When the tariff bill goes to conference there is not the least doubt that a complete agreement will be made. There will be no partial report. The men who manage it will see to it that a tariff bill which must be taken as a whole will be reported to both houses.

Democratic Secrets.

When Senator Hitchcock of Nebraska was "insurging" for a time there were quite a number of allusions to what took place in the Democratic caucus.

"Some of the secrets of the Democratic caucus are being revealed," said Senator Gallinger of New Hampshire. "I should like to ask if we could not have a transcript of the proceedings of that remarkable gathering. It might enable us to legislate more intelligently on this tariff bill."

"There is one very serious objection," replied Senator Williams of Mississippi. "If one came back from the dead with Democratic doctrine of any description it would not appeal to the senator from New Hampshire."

Signs of Uneasiness.

The Democratic leaders had reason to be apprehensive about the tariff bill at times. There were signs of uneasiness among different senators. For instance, before the income tax was changed Senator Lane of Oregon remarked:

"I am not in entire accord with members of my party on the income tax. Incidentally and accidentally the other day, after having been called upon hurriedly to vote and subsequently looking over the roll call, I found myself in a position which rather embarrassed me and upset my digestion. I found myself, to my surprise, in company with which I am unused to travel."

Donovan Explains.

For no reason in particular, but in order to make conversation, there was a discussion of the salary paid to Secretary Tumulty, it having been increased before he took office from $6,000 to $7,500. Interrupting Congressman Gillette of Massachusetts, Donovan of Connecticut explained:

"If you will stop to think you will see that increase was a reward of virtue—the present secretary has six or seven children and the other had none. It was really an honorable act to do—to reward nature, to reward virtue, to reward humanity."

"Dooming" Is Guessing.

Senator Lodge was talking about "dooming" property and property which had been "doomed." Senator Norris wanted to know what was meant by "dooming." The Massachusetts senator entered into quite a lengthy explanation.

"Then 'dooming,'" said the Nebraska senator, "is mostly guesswork?"

"It may be mostly guesswork," replied Lodge, "but if you lived in one of the cities or towns of Maine and Massachusetts you would think they 'doomed' you for about all you had."

The "Idle Rich."

Senator Root protested against the high graduation tax on incomes as an injustice to his people in New York. Later in the day James Hamilton Lewis of Illinois replied, first asking that a page be dispatched for Senator Root in order that the New Yorker might be present. In the course of his remarks Lewis said:

"I cannot permit the doctrine to go out that the Democracy is pausing for a moment to listen to the direction of the distinguished senator from New York as to how 'his people,' limited by Wall street in the daytime and the Great White Way at night or capering upon the shores of distant seas of pleasure, perchance, or amid the distant allurements of the tropic isles, shall be exempted from the just burdens of taxation because, forsooth, these select few he has selected as only 'his people.'"

While Senator Root could not grasp all that was meant in the remark, he took it for granted that it was a slam at the "idle rich."

Unequal Riches Increase Suicides

By the Right Rev. THOMAS F. GAILOR, Bishop of Tennessee

IT IS NO WONDER THERE ARE SO MANY SUICIDES. ON THE OTHER HAND, WE HAVE THE MAN WITH FAR TOO MUCH; ON THE OTHER, THE POVERTY STRICKEN FAMILY.

One gets the fruit, the other the husks; one gets the opportunity, the other doesn't. And so we hear people cry bitterly, "There is no God!"

But to think this way DOESN'T HELP US ANY. It doesn't make the world any better or more rational for people to say there is no God. If these people could only know, could only be enlightened!

God has granted us eternal life. Every one, RICH AND POOR ALIKE, can attain it.

Daddy's Bedtime Story — How Little Tottie Enjoyed The Party.

Gave Her Grandparents a Present.

EIGHT o'clock was Jack and Evelyn's bedtime. Usually they were ready to go, but it happened when daddy came in they were grumbling. The folks next door were having a party, and they wanted to have a peep at it.

"When I'm grown up I'm always going to ask the childen to my parties with grown people," Evelyn declared stoutly.

"W-e-e-ll," daddy replied thoughtfully, "if that is going to be the style a lot of changes will have to be made in grown people's parties to make them suit the small folks. And I'm not sure but it would be a good thing, for instance, for folks to get home a little earlier than they do instead of dancing all night."

"I shouldn't mind staying up all night," Jack remarked.

"H'm," smiled daddy; "I think the sandman would have something to say about that. He generally calls quite regularly on you and Evelyn.

"Tottie talked just like you. When Tottie heard her grandma and grandpa were to have a lovely party because they had been married twenty-five years Tottie was greatly pleased. All the children and grandchildren were to come to the party.

"Tottie's bedtime was 7 o'clock, and the party did not begin till 8. Tottie lived just round the corner from grandma and grandpa, and so she did not have far to go to reach the house. She had taken a little nap in the afternoon so that she might not feel sleepy in the evening.

"She had a nice present to give to her grandparents. It was a pretty little silver dish, and she had gone to the store with her mamma to buy it.

"Tottie wore her little white dress and her pink sash, which was the color of her cheeks, that evening. She was one of the first guests to come to the party. She kissed grandma and grandpa and gave them the present. Then she went and sat down and watched the people come in. They kept coming and coming, and the talk began to sound like the faraway buzzing of bees. She wondered what made her eyes feel so heavy. In a few minutes she was nodding.

"Little Tottie had a lovely dream. She was still at grandma and grandpa's party, but she was eating ice cream and cake and playing games with a lot of dream children who looked like her aunties and uncles. At the end of it grandma and grandpa turned into little children also and joined merrily in the game with the others.

"Tottie never wakened until the next morning in her own little bed, to which her daddy carried her when she went off to play at the sandman's party. And his was a much nicer party for a little girl than the real one."

Keeps Your Stove
"Always Ready for Company"

A bright, clean, *glossy* stove is the joy and pride of every housekeeper. But it is hard to *keep* a stove nice and shiny—unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish *sticks right to the iron.* It doesn't *rub off or dust off.* Its shine lasts *four times* longer than the shine of any *other* polish. You only need to polish *one-fourth* as often, yet your stove will be *cleaner, brighter and better looking* than it has been since you first bought it. Use

BLACK SILK
STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it *better* than any other stove polish you have ever used *before*, your dealer is authorized to refund your money. But we feel sure you will agree with the *thousands of other* up-to-date women who are now using Black Silk Stove Polish and who say it is the "*best stove polish ever made.*"

LIQUID OR PASTE
ONE QUALITY

Be sure to get the *genuine*. Black Silk Stove Polish costs you *no more* than the ordinary kind.

Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

Obituary

MRS. E. E. MONTGOMERY.

Word has been received in Newark of the death of Mrs. Helen B. Montgomery, wife of Dr. E. E. Montgomery of Philadelphia, Pa., at their home in that city early Sunday morning.

The death of Dr. Montgomery's wife comes as a double shock, for his mother, Mrs. Mary E. Montgomery, died here just a week ago.

Mrs. Helen Montgomery was born in Amesbury, Mass., in 1849. She has been an invalid for the past ten years, suffering from Bright's disease, but her condition was not considered serious until about two weeks ago.

Mrs. E. T. Johnson of this city, a sister of Dr. Montgomery, has been spending a week at the home of Dr. Montgomery. The funeral services will be held on Thursday in Philadelphia.

R. S. FULTON.

Judge T. B. Fulton and Attorney W. D. Fulton returned from Homer Monday evening, where they attended the funeral of their cousin, R. S. Fulton, a brother of the late Rev. Henry Fulton of Newark, and for many years postmaster and grocer in Homer. Mr. Fulton, who was 69 years of age, had been a life long resident of the county and was widely known and esteemed.

He is survived by the widow, Mrs. Emma Fulton, a brother, William, and a sister, both living at Groveport, O. Court Bailiff E. Emswiler, also a relative, and Mrs. Henry Fulton, both attended the funeral from here.

DANIEL COOKS' FUNERAL.

Daniel Cook, colored, old soldier, who died in Columbus Monday of arterio schlerosis, will be buried Wednesday afternoon. The body was taken to his home in Valley street last night. Funeral service will be held Wednesday afternoon at 2 o'clock at the A. M. E. church. Interment in the G. A. R. plot in Cedar Hill cemetery.

GEORGE HARDWAY.

Funeral services for George Hardway, who died Monday morning of heart trouble while at work, will be held Wednesday afternoon at 2 o'clock at his late home in Hancock street. The body will be taken to Licking cemetery for interment.

FORTY-FIVE YEARS A MINISTER.

(Columbus Dispatch.)

Forty-five years a minister of the gospel; 4445 sermons preached, 9,123 pastoral calls made, 897 baptism, 586 funerals and 391 marriage ceremonies. That is the record as we take it from the Granville Times, of Rev. Dr. C. J. Baldwin, who has just retired from the pastorate of the Baptist church at Granville, which he has held for twenty-seven years. It is a long and active and successful service. In number of converts it bears no likeness to a Billy Sunday achievement, for the evangelist would have gathered in three weeks all that the doctor of divinity claims in forty-five years. But the sterling quality of the work done by this stately gentleman, this profound thinker, this impressive speaker, is not to be questioned. The statistics which are given out are indicative of the methodical character of his work. We wonder how many ministers there are who can thus, at any time, set forth the magnitude of their service.

WILL QUESTION LEGALITY OF THE NEW COMMISSION

(ASSOCIATED PRESS TELEGRAM)

Columbus, Sept. 9.—That the Northern Ohio Traction company will question the legality of the new public service commission, the same as it did the former public service commission, was made evident today when the company, in answering a petition filed with that body, denied in almost the first paragraph that the utilities commision had any jurisdiction over its lines.

Two weeks ago Nelie S. Chapman filed a petition with the utilities commission in which complaint was made against the Northern Ohio Traction company to the effect that passenger service which had formerly operated through her property near Akron had been diverted to another line, and that it was impossible for her to get adequate service.

It was charged at that time that when the franchise was granted the Northern Ohio company, it was to operate on a certain schedule through the property of the plaintiff.

In its answer the company admits all the charges of the plaintiff, but says that it has changed its route to avoid dangerous curves and to shorten the route betwen Akron and Cleveland. The case will be heard early next week, by the utilities commission.

FOUR REGISTRATION DAYS NAMED BY THE ELECTION BOARD

Four registration days have been provided for Newark voters to qualify for participation in the municipal and township election November 4. At a meeting of the deputy state supervisors of elections, held Tuesday morning, the following dates were set:

Thursday, October 2.
Thursday, October 9.
Friday, October 17.
Saturday, October 18.

The hours, as usual, will be from 8 a. m. to 2 p. m. and from 4 p. m. to 9 p. m.

All new voters, those who have come to the city since the last general registration, and those who have not registered, or those who have changed their places of residence must see that their names and address appear properly on the books of the registrars in their respective precincts.

The board also decided to meet September 23 at 9 o'clock when bids will be received for the printing of ballots and furnishing all supplies for the election.

LOCAL GOLFERS TO ZANESVILLE NEXT THURSDAY

Twenty members of the Licking Country club golf team will make the trip to Zanesville Thursday to meet the Country club team of that city in a regular tournament game. The Newark players hope to return with another victory added to their list and despite the fact the game is to be played on the Zanesville links, the local men can't help but feel that their hopes will be realized. The Zanesville club was defeated here in July, this being the only time the two teams have met.

GOULD PLACES ORDERS FOR TWO HYDROAEROPLANES

(ASSOCIATED PRESS TELEGRAM)

New York, Sept. 9.—It was reported here today that Edwin Gould, brother of George J. Gould, attracted by the feats of Harold F. McCormick of Chicago as a commuter by hydroaeroplane, had purchased two of these machines for his own use. While Mr. Gould could not be seen personally, one of his sons said at the Gould country home at Ardsley-on-the-Hudson that his father had been for some time considering the purchase of one or more hydroaeroplanes. Mr. Gould recently spent some time studying the mechanicism of Mr. McCormick's flying boat at Lake Forest, near Chicago, and it is said that he decided to place orders for elaborate machines, one built for speed only and the other to be the largest type to accommodate six persons.

AUSTRALIA PLANS AN EXHIBIT FOR THE EXPOSITION

(ASSOCIATED PRESS TELEGRAM)

San Francisco, Sept. 9.—Australians are planning an exhibit at the Panama-Pacific exposition that will cost $400,000, according to advices just received by [illegible] E. Quinn, American commissioner for the state of New South Wales. The federal government and the states of New South Wales, Victoria and Queensland, have approved an exhibition, said Commissioner Quinn. "The government's contribution has been tentatively fixed at $100,000 and it desires the approving states to raise the remaining $[illegible]0,000. The dominion of New Zealand will make its own exhibits."

GASOLINE BURNED GARAGE.

(ASSOCIATED PRESS TELEGRAM)

Newburyport, Mass., Sept. 9.—An explosion of gasoline in a garage on Merrimac street today started a fire which spread rapidly to a number of business blocks and nearly a dozen residences. Help was summoned from four nearby cities. Edwin M. Ingalls, proprietor of the garage, was fatally burned and two employes seriously injured.

JURY EXONERATES BOY.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Sept. 9.—A coroner's jury today exonerated Nicholas Bukema, who shot and killed his father in defense of his mother. The boy's mother testified that the father was dragging her by the hair when the shot was fired. The jury found the boy "justified in striking his father in defense of his mother."

New Arrival.
Prof. Harry Beatty of the high school faculty was all smiles this morning over the arrival of a new pupil, not at the school building but at the Beatty home in Buckingham street. The little fellow is as husky as a football player and the proud parents are receiving the congratulations of their friends over the happy event.

Thanks Erman's Drug Store.
Miss Virginia Warman of 161 Elmwood avenue wishes, through the Advocate columns, to thank W. A. Erman, the Arcade druggist, for the piano which she was so fortunate as to receive when given away by this enterprising drug store. Miss Warman is much pleased with the courteous treatment accorded her by the Erman drug store.

Adams Family Reunion.
The annual reunion of the Adams family was held Saturday and Sunday at the home of Mr. and Mrs. J. W. Adams of Columbia street. There was a good attendance and the occasion was highly enjoyed. The ill health of Mrs. Adams was the only dark spot in the two days' pleasure. Mr. and Mrs. Frank Turley departed Monday noon for their home in Covington, K., and Mr. and Mrs. C. F. Brown returned to their Coshocton home Sunday evening.

Quite general rains weakened corn. The bullish outlook as to the Washington estimate served though to cause a rally. First sales varied from ⅛@⅜ lower to ¼ @ ½ advance. Nearby options declined further and then recovered to last night's level.

Although trading in oats was light, prices held relatively firm. Buying on the part of a leading house furnished support.

Provisions developed strength with hogs. The ensuing advance was general, but generous offers kept the upturn moderate.

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF--25 CENT DANDERINE

Try this! Doubles beauty of hair in few moments, and stops it falling out—Grows Hair.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this — moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Don't itch! use Resinol

Just put a little of that soothing, antiseptic Resinol on the sores and the itching and burning stop right there. Soon all trace of eczema or other eruption is gone.

Try it free

Every druggist sells Resinol. Prescribed by doctors for 18 years. For liberal samples write to Dept. S-M, Resinol, Baltimore, Md.

SPIRIT OF DEAD MAN HAUNTS HIM

Haunted by the fate of his fellow-countryman, who met death by electrocution in the basement of the Busy Bee Candy Kitchen in the Arcade more than a year ago, Jose Stamas, a Greek, went violently insane Monday afternoon and defying the efforts of his companions in the store to quiet him, he made a fairly successful effort to demolish much of the furnishings of the place, particularly in the basement.

Stamas has talked continuously about the fate of the employe of the place who was found dead in the basement about a year ago. This unfortunate individual got hold of a live electric wire and though the current was only 110 volts, he died, either from the electric shock or from fright.

Monday afternoon, Stamas, wild-eyed, came up from the basement and declared that the spirit of the dead man was following him. Other attaches of the refreshment parlor attempted to pacify him, but with little success. In the struggle to control him, one of the men was bitten on the finger, the mad man's teeth making an ugly wound.

Dr. W. L. Jackson was called and administered sedatives, which proved sufficient to quiet him for the time being. An hour later the physician was again hurriedly summoned to the basement of the store where Stamas was smashing up the equipment, regardless of its value. At this time the demented man refused to be quieted.

Police headquarters was notified and several officers hurried to the scene and took charge of the man. By prompt and concerted attack they seized him in such a way that he was unable to cause harm to himself or others. He resisted most of the way to headquarters, where he was placed in the patrol wagon and taken to the county jail.

Immediately after being placed in a cell, he demanded a cigarette. His companions in the store related that he was an excessive cigarette smoker and it is believed that his mental trouble is largely due to this cause.

Stamas has been in this country but a few months and his fellow employes in the place have noticed that he seemed to brood over the fate of the man who preceded him in the store. All efforts on their part to turn his mind into other channels failed and his mind finally gave way to the strain.

He was released from the county jail Tuesday morning and his friends will see that he finds other employment where his mind will not be affected by morbid thoughts.

Imports from Brazil to the United States last year were $115,000,005, while exports to that country were valued at $29,000,000.

GERMAN AVIATOR DROPS TO DEATH

(ASSOCIATED PRESS TELEGRAM)

Berlin, Sept. 9.—Dr. Ringe, a German aviator, was killed today while competing for a distance prize.

The airman ascended from the aviation field at Johannisthal early this morning. After flying a few miles, his machine suddenly collapsed and fell to the ground from a height of 600 feet.

The autopsy showed that Dr. Ringe, who was physically weak, was stricken with heart disease while in the air and that in all probability he was dead when the aeroplane began to fall.

"BIG TIM" HAS ESCAPED FROM A SANITARIUM

(ASSOCIATED PRESS TELEGRAM)

New York, Sept. 9.—Congressman Timothy D. Sullivan, nicknamed "Big Tim" by the East Side, has been missing for a week. He disappeared at 2 o'clock last Tuesday morning from the country home of his brother in Williams Bridge, eluding his guards while they slept and no trace of him has been discovered since. His relatives fear that he has met with harm. He had but $1 when he got away.

"Big Tim" had a nervous breakdown after the last election and in consequence never took his seat in congress. Instead he was placed in a sanitarium. The courts judged him incompetent to manage his estate of several millions and a committee of four was appointed to take charge of his personal affairs. After a trip to Europe the representative was taken to his brother's home and three men were hired to guard him.

He slipped away, however, one night about a month ago and revisited his haunts on the East Side. Friends recognized him and he was under constant surveillance again within a few hours.

On the evening of September 1, "Big Tim" played cards with his guards till after midnight. Two of them fell asleep and the third followed suit about 2 o'clock. When this guard awoke he found himself and his two sleeping companions in the room. A quiet search was begun but without result. "Big Tim" was born in 1862 and started life as a newsboy.

RODRIGUEZA A FUGITIVE.

(ASSOCIATED PRESS TELEGRAM)

Willemstadt, Curacao, Sept. 9.—General Ascuncion Rodrigueza, partisan of ex-President Castro of Venezuela, is a fugitive with four followers at Buenas Aires, a Dutch Island off the Venezuelan coast. Rodrigueza headed the recent revolutionary movement against Gomez in the Oriente district.

WIDOW CHARGED WITH THE MURDER

(ASSOCIATED PRESS TELEGRAM)

Chicago, Sept. 9.—Mrs. Alice Davis Sing, white widow of Charles Sing, wealthy Chinese merchant, who was found slain in his home several days ago, today formally was booked on a charge of murder. She is being held without bail. The complainant is Frank Sing Low, a brother of the murdered man. The woman was questioned for hours by the police but declined to speak of the crime, except to assert her innocence.

UNABLE TO SOLVE CHICAGO DROWNING

(ASSOCIATED PRESS TELEGRAM)

Chicago, Sept. 9.—Friends and neighbors of Mrs. Walter B. Smith, wealthy society woman of Lake Forest, Ill., Chicago's most exclusive suburb, whose body was found yesterday afternoon with a cord around the neck in Lake Michigan, today discussed the circumstances of her death and were unable to offer any satisfactory explanation of the strange case. The coroner's inquest which was held late last night, failed to throw any light on the mystery.

The jury's verdict gave no theory as to the cause of death. The verdict read:

"We, the jury, find that Florence M. Smith came to her death by drowning in Lake Michigan, off the shore of Lake Forest."

Inquiry regarding the actions of Mrs. Smith yesterday revealed that before walking to the lake shore she seemed to be in the best of health and spirits. She passed part of the morning playing the piano at her home and singing to her six-year-old daughter, Winifred.

Dr. A. C. Havens, physician for the Smith family, said to day that Mrs. Smith had enjoyed good health and was not subject to fits or melancholy.

PRES. WILSON PRAISES MEN OF PERRY'S FLEET

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Sept. 9.—President Woodrow Wilson has written Governor Cox expressing his regret at being unable to attend the Perry's Victory Centennial celebration at Put-in-Bay.

President Wilson's letter of declination and regret to Governor Cox follows:

"It is a matter of deep regret with me that my duties here render it impossible to be present and share in the notable celebration of the victory at Put-in-Bay. I am kept away by the thought that no man can truly praise those who did their duty by neglecting his own.

"I need not attempt to characterize the great service of those who won that notable victory. That, I am sure, will be done better than I could do it by yourself and the others who will speak at the celebration but I crave the pleasure of adding my tribute of unqualified admiration of the men who with so little did so much and crowned a difficult enterprise with singular glory."

EX.-PRES. TAFT IS REPRESENTING UNITED STATES

(ASSOCIATED PRESS TELEGRAM)

Sandusky, Sept. 9.—With the arrival this morning of ex-President Taft, who is to represent the United States in the ceremonies commemorating the one hundredth anniversary of the battle of Lake Erie at Put-in-Bay tomorrow, and who will be the principal speaker of today's program here tonight, Sandusky's celebration of Perry's victory was early renewed. The governors of eight states are expected between noon and 1 o'clock this afternoon when Governor Cox and staff, the last to get here, will arrive, according to a telegram received by the local reception committee this morning. The Rhode Island and New York delegations, on their way to Put-in-Bay will put in here at 3 o'clock this afternoon to remain until tomorrow morning. Descendants of Commodore Perry who are members of the Rhode Island party will proceed to Put-in-Bay aboard Perry's resurrected flagship Niagara.

DETECTIVES ARE FOLLOWING CLUES IN GIRL'S MURDER

(ASSOCIATED PRESS TELEGRAM)

New Pork, Sept. 9—The cold trail of the murderer who skillfully cut up his victim and sunk her body in the Hudson river less than ten days ago, led detectives today to the little second-hand store of George Sachs on the upper West Side. There was sold the pillow with the fancy red and blue ticking in which a portion of the slain girl's body was found. A midle-aged woman, stout and pretty, well dressed bought it last April.

The hunt today narrowed to a search for this middle-aged woman. Who she is and where she lives were questions a swarm of detectives set themselves to answer. The pillow was traced directly to her, because the manufacturers had made but a dozen of its kind and sold that dozen to Sachs and Sachs had sold but two. One of these was accounted for, the other went to the woman sought by detectives. The ten remaining pillows lie on Sachs' shelves.

The river had yielded this morning no further members of the victim's body and indentification was still guess work. Until the head is found or the woman who bought the pillow, indentification will be impossible.

Stories of girls missing from home have come by the dozen to the district attorney's office since the murder came to light. There were two instances, however, in which detectives were interested above all others. One was the case of Ella Sternamann, missing a year, whose father is the author of several incoherent letters sent to the morgue keeper and the district attorney.

Sternemann himself has disappeared and is sought to tell more of his conviction that the slain girl was his daughter. The other is that of Jeannette Norman, a vaudeville actress, who was employed at a local amusement park. She disappeared on Aug. 31. That is the date of the newspaper wrapped about the second portion of the torso. Indications that the slain girl was an actress have caused the police to institute a general search for Miss Norman.

COURT DECLINES TO INTERFERE WITH THE COAL RATES

(ASSOCIATED PRESS TELEGRAM)

Columbus, Sept. 9.—Judge E. B. Kinkead of the county courts in a decision handed down today declined to interfere with the coal rates as established more than a year ago on the Hocking Valley railroad between Nelsonville and Toledo by the public service commission on complaint of the New York Coal company. The public service commission cut the rates, and the railroad filed suit to set aside the decree of the commission.

"There is nothing in this record that invokes the power of this court," runs the court's decision, "because the order infringes on constitutional right. Hence the court cannot say that the order is unreasonable or unlawful in the constitutional sense, which must be what the statute means."

The railroad contended that the rates established by the commission were "unreasonable" and "unlawful" in that they did not allow the railroad a fair profit, that is discriminiated in favor of Toledo against other communities, and that it also discriminated against inter-state commerce.

HELP FOR WORKING GIRLS

Two Girls Tell Story of Their Illness and How They Found Relief.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."—Miss AMELIA JAQUILLARD, 613 Seventh Street, New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because my periods were suppressed and I had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."—Miss ESTELLA MAGUIRE, 110 Thwing St., Saint Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BOY BLAMES GIRL FOR ALL HIS TROUBLES

Sobbing loudly over his fate, 17-year-old Virgil McKinley, charged with contributing to the delinquency of 14-year-old Ellen Kiner, pretty little Columbus girl, who disappeared some weeks ago after spending the night in a Newark hotel as husband and wife, says it's all Ellen's fault.

Young McKinley was arraigned in Juvenile court, Columbus, late Monday, after having been detained since the girl's disappearance, August 12. McKinley admitted that, with the girl, he went to a Newark hotel where they staid all night. They had intended to get married, said the boy, but were afraid they could not secure a license and later returned to Columbus, then went to Toledo, where they separated. The girl went to the home of her aunt in Detroit, while McKinley returned home.

The girl Monday admitted improper relations with McKinley in Newark, it is said.

The boy protested that he staid at the hotel against his will. Each time he was questioned regarding the night in the hotel he would break down and cry that he "never said an insulting word to Ellen."

Nothing Doing in Tipping Line for P. O. Department

[ASSOCIATED PRESS TELEGRAM]

Washington, Sept. 9.—Tipping at the expense of the government is to cease so far as the postoffice department is concerned, with one exception. This favored individual, whose itching palm may be "crossed with silver" by the representatives of the department when traveling on government business, is the train porter. Just why the postmaster general exempted the porter is not made clear in orders issued today in limiting expenses of the postoffice representatives.

The postmaster general, however, disclosed definite ideas about what hotel waiters should receive. In his instructions is the item "tips for the hotel waiters—nothing." He also has equally specific opinions about the use of the piratical craft known as the taxicab, for its use at government expenses is tabooed.

Hereafter under the regulations which become effective Oct. 1, board and room must not cost more than $5 a day, laundry may be charged at the rate of $1.25 a week, or twenty cents a day; while such luxuries as the engaging of a pretty stenographer or typist to aid in the preparation of reports is distinctly forbidden.

The postoffice travelers are convinced that the coming winter is to be one of privation and suffering.

"GETS-IT," Nothing Like It for Corns

Easy As One, Two, Three: No Fuss, No Pain, by Using "GETS-IT."

Just take two seconds to put a little "GETS-IT" on that corn. That corn is "done for" as sure as the sun rises. The corn shrivels up, vanishes.

See How Quick "GETS-IT" Will Remove That Corn and Stop the Corn-Pain!

That's the surprise you get by using this new-plan corn cure. There's nothing to stick to the stocking or sock: your corn pains stop. You're saved the bother of applying plasters that make the corn bulge out from the core. You're saved salves that eat into the healthy flesh and "pull," no more fussing with bandages. You don't have to help by picking and digging out your corns, or cutting with knives or razors.

"GETS-IT" is safe, painless, stops pain, never hurts healthy flesh. It is guaranteed. Try it on warts, calluses and bunions, too.

"GETS-IT" is sold at all druggists' at 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.

COOL WEATHER FOLLOWS THE LATE RAINS

Tuesday dawned fair and cool, with the first real touch of fall temperature following the prolonged hot spell and drought of several weeks.

Sunday's and Monday's rains began to make the change noticeable late Monday evening, when the air became chilly enough to drive porch loungers to cover. It continued during the night and the early morning hours Tuesday showed a difference of several degrees from the heat of the past several days. Humidity was banished as soon as the rain area reached Newark, Sunday. Relief from the heat came in with a steady, cool wind, shifting to different directions, which continued through the forenoon.

TAKING LIVELY INTEREST IN THE G. A. R. ENCAMPMENT

Chattanooga, Tenn., Sept. 9.—Capt. W. W. McDonald of Albuquerque, New Mexico, member of the national council of administration, G. A. R., was in the Chattanooga campaign of 1863, and had some interesting experiences here with the 96th Illinois regiment, of which he was a member. He writes to the Chattanooga Encampment that the Veterans all over the northwest are taking a lively interest in the coming encampment, September 15-20, of the Grand Army of the Republic. Relating his war experiences here, Captain McDonald says in part:

"I am glad that Chattanooga was selected. Around it clusters more civil war battlefield interest, and more memories for the veterans who fought there, each for his own ideal, than on any other battlefield. I was a private in Co. I, 96th Illinois volunteer infantry, Col. Thos. E. Champion commanding. I was in the battle of Chickamauga from Friday evening, Sept. 18th until sundown of the 20th. Our division (Gen. Steedman's) attacked Longstreet's corps at 2 p. m. Sunday. His troops were on a timbered ridge west of the Snodgrass house.

"It is true history that Gen. George H. Thomas saved the Army of the Cumberland from serious disaster, and it can as truthfully be said that Gen. Steedman's division saved Gen. Thomas from a complete route, if not capture. Our brigade was stationed at Moccasin point over a month during the siege of Chattanooga, and lived on an ear of corn a day for a good part of the time. Our brigade was in the battle of Lookout Mountain. The 96th Illinois was on the right of the brigade, bringing the right of the regiment up to the palisade which surrounds the mountain top. The 96th gained the highest point of any regiment engaged in the battle.

ITCHING HUMORS.

There Is Now a Way to Escape These Skin Torments.

Try This Remedy at Our Risk.

People sometimes say, "Well, that new remedy of yours, Saxo Salve, may cure recent cases of eczema, but I doubt if it will help me for I have had eczema a long time."

The fact is, Saxo Salve was devised as much for chronic skin troubles as for acute cases, and it is equally effective, though usually the chronic cases are more stubborn.

Numbers of cases right around here could be cited, showing that Saxo Salve is exactly the remarkable soothing and curative remedy for skin diseases that we claim.

The itching is stopped in a few moments after the first application, and improvement is seen in a few days.

All humors and disorders of the skin, whether scaly, crusted or in the very first stages, usually yield to Saxo Salve promptly. If it does not, in your case your money will be returned. Frank D. Hall, druggist, Newark, Ohio.

CURRENCY BILL

(Continued from Page 1.)

the various panics of the past half century the report set forth that under the proposed law, the federal reserve banks to be created under the bill would have available at least $550,000,000 of reserve in cash.

"This," said the report, "would create a reservoir of liquid funds far surpassing anything of similar kind ever available in this country heretofore. It would compare favorably with the resources possessed by government banking institutions abroad."

The committee reviewed the bill section by section, setting forth at great length the probable operations and results of the law.

In their minority report on the bill, the Republicans of the committee pointed out what they held to be the weaknesses of the measure. They said they found the Democrats from "so bound by their caucus agreement that they could not consider amendments to the bill, which if adopted, would have eliminated its unsound and questionable provisions."

They suggested that the provisions compelling national banks to subscribe for the capital stock of the federal reserve banks on pain of forfeiture of their charter, was "of doubtful constitutionality and wholly unnecessary and inexpedient." If the plan of the bill is a good one, they said, the banks would gladly participate, if not, should the banks refuse to enter the proposition, "all business would be affected." The report declared that the provision making new federal reserve notes "obligations of the United States" practically creates a central bank. They urged that powers of the federal reserve board were too great and that "there is great danger as the bill is now drawn, that the banking business of the country may be used for partisan political advantage.

The Progressive views of the currency questions were set forth in a report on the Glass bill filed several days ago by Representative Lindbergh of Minnesota, the Progressive member of the committee.

NEW HAVEN ROAD WANTS BOND ISSUE FOR IMPROVEMENTS

Boston, Sept. 9.—Howard Elliott, the new president of the New Haven road appeared before the Massachusetts Public Service commission today to support the petition of the road for permission to issue $67,000,000 debenture bonds. It was President Elliott's first appearance in Massachusetts since assuming his new duties. Mr Elliott said that the issue was necessary in order that the company may fund part of its floating debt, purchase steel cars and install an improved signal system.

The stock holders protective committee which favors the issue, was represented by George Von L. Meyer, former secretary of the navy.

APPLICATIONS FOR LICENSES NOW ON FILE

All Licking county saloons refused licenses by the county license commission must quit business by the third Wednesday in November. This is the interpretation of the new license law as read by O C Larason and Dr. J N Wright, recently appointed commissioners. They base their finding on Section 18 of the license law.

Up to noon Tuesday thirty-six applications had been filed with the board.

No decision has been reached by the commission as to the allowance at Buckeye Lake, but this will be determined shortly, it was said, Tuesday.

The following applications are on file:

JEROME

the court and did not once glance at the throng, which in looks, grimaces and subdued remarks was plainly hostile.

A. C. Hanson, joint crown prosecutor, opened the case with the reading of the complaint of Milford Aldrich, a mill hand, who swore he had seen the defendant playing cards for money at the railway station. Statutes were quoted to show that this was an indictable offense, punishable with a year's imprisonment.

Samuel Jacobs of Montreal, who has been retained by New York state in its effort to return Thaw to Matteawan, contended that the statute applied only to gambling on a public conveyance proper. The court took the question under advisement and called for witnesses.

Michael Knight, white-haired, aged 65, leaning on a black thorn stick, took the stand—that is, the witness-box being full of spectators, he stood in front of the bench. He had seen the defendant playing a little game of draw" in the station yard, he said. The defendant had been pointed out to him as Jerome of New York.

'Did you see him win any money?" asked the joint prosecutor.

"I saw a bill changed," answered the witness. 'I could not say who won it."

The cross-examination conducted by Mr. Jacobs was very short.

"Why did you stop to watch the game?" he asked.

"Because it was in an automobile and a man in front had a little typewriter in his lap a-writing and I was interested."

This was a New York newspaper man, writing his story under difficulties.

Several others testified to seeing the game and then the attorneys argued the case briefly.

Magistrate Mulvena leaned back and pondered for not more than 50 seconds.

"In rendering judgment," he said, "I shall be very brief. I believe every right-minded man in Canada regrets and feels humiliation at the indignity which has been placed upon you. It is excusable neither in law nor in fact. The evidence adduced at this hearing gives no reason for the charge which was laid against you, nor for the indignities which you have suffered.

"I believe, sir, in all the circumstances you will not attribute the apparent offense offered you while in a friendly country in the discharge of your duty as a public officer to the real thinking people of this community. You are, sir, honorably discharged."

Dead silence greeted the conclusion of the court's remarks. Then Mr. Jerome stood up and thanked the court.

Harry Thaw, in the detention room over the railway station, heard the news of his old opponent's acquittal almost immediately.

"That's good," he said. "It saves me $250."

This remark referred to the fact that Thaw had offered to make good any loss suffered by Andre Rousseau, a local hotel keeper and one of the two sureties on Jerome's $500 bond.

eers retained by the city, by competent and conscientious effort, succeeded in bringing the railroad to a reasonable and fair position on the proposed improvement.

The work of these city officials, reduced the original estimate of cost from nearly a million dollars to be participated in by the city, to $600,000, thus saving the city more than $100,000, which is some saving, as savings go.

Newark Voters, when they go to the polls to decide the fate of the proposition, must not lose sight of the fact that the city will share in the benefits of a million dollar improvement and that this improvement will cost the city less than 240,000.

It must also be borne in mind that the time is coming when the state will require the separation of all grade crossings. If the present proposed improvement is not completed before that time arrives, it is likely that the improvement as ordered by the state will not be as satisfactory as that provided for in the present plans.

It has been the history of these state improvements that all the streets are not opened under the railroads. Judging from similar improvements made in states where grade crossings are prohibited, South Siders would have about two streets cut through under the railroads and the others would be closed up.

The present improvement planed for Newark, and on which the Newark people will vote, provides for the opening of every street, with a beautiful and artistic passageway, wide, well lighted and safe.

It's purely a business proposition and there is no question but that it will be favorably acted upon at the polls, when Newark's clear thinking and progressive citizens weigh the matter carefully in their minds.

The elimination of the grade crossings in Newark is an improvement which has long been dreamed, particularly by those living south of the tracks. No one appreciates, more than these residents just what the improvement will mean. With the many tracks now constituting the railroad right of way, people passing over the tracks are held up many times a day by passing trains or switching crews.

Aside from the element of danger at these crossings, there is the inconvenience always to be contended with. For years, the South Newark people have been denied the convenience of street cars because the company refused to even attempt to get permission to cross the railroad tracks. The development of that portion of the city has been retarded nearly a half century for the same reason.

Comparing the cost of the improvement with the vast amount of benefit to be derived therefrom, a substantial balance is found in favor of the project.

The maximum estimate of the cost is that placed by the engineers for the railroad. They compute the cost to the city to be a few hundred dollars less than $240,000. To be on the safe side, to make sure that a sufficient sum is provided to complete paying for the city's share, council has decided to issue bonds for $240,000.

The city's engineers, Messrs. Maetzel & Simpson of Columbus, estimate that the city's share of the improvement will be $200,264.40.

If the improvement costs this $200,000 or even less, the city will still have left over, the $40,000 difference in the estimate or whatever part of it is not used.

Local conditions have much to do with the cost of such an improvement. For instance, the vast amount of gravel and sand conveniently available in and around Newark, makes concrete work cost much less here than elsewhere.

The railroad engineers estimate the cost of curbing in the subway job 75 cents per lineal foot. The city's engineers estimate this part of the work at 50 cents. In a recent street job completed in Newark, the curbing, made of concrete, cost 32 cents, approximately half of the sum estimated by the railroads.

Another item on which the engineers for the roads and the city vary in their estimates is the street excavation. The railroads figure this work will cost $1 per cubic yard. The city's engineers place the item in their estimate at 50 cents. Work of this character is actually being done in Newark at 40 to 44 cents.

It is the custom of the railroad engineers to add 15 per cent to the estimate of any contract for engineering and contingencies. This is added in the subway estimates. Maetzel & Simpson add but 10 per cent, and on this item alone there is a difference of about $30,000.

The estimates by engineers for railroads and city for the various parts of the work are as follows:

	Maetzel & Simpson	Railroads
Railroad work	$273,469	$298,356
First street subway..	40,961	58,843
Second street	56,557	70,652
Third street	68,219	87,400
Fourth street	55,886	79,912
Fifth street	50,228	64,395
Sixth street	26,870	34,815
Total	$572,184	$684,797
Railroad's share 65%	$371,920	$445,118
City's share 35%	200,264	239,679

Besides the work outlined above, the railroads plan to do additional work which is not figured in the above cost. The city shares only in the expense insofar as such expense is made in reproducing conditions as they now are. Anything in the way of improvement or betterment is borne alone by the railroads. Work of this character estimated at close to $300,000 is planned, including the change in the freight handling facilities of both companies.

So the city of Newark will derive the benefits from an improvement costing close to $1,000,000 by investing only $240,000 or less. It's surely an attractive business proposition, to say nothing of the greater benefits to be derived therefrom.

RECEIPTS OF STATE FAIR

[ASSOCIATED PRESS TELEGRAM]

Columbus, Sept. 9.—Receipts of the state fair, which closed last Friday night, according to figures made public by the state agricultural commission today, were $86,000, against $101,000 last year. Last year the fair earned the state $20,000. This year it is said the earnings for the state probably will be under $10,000.

French equatorial Africa is about the size of the mother country and has a population of nearly 4,000,000.
